

Request for Artwork Donation for the Niijima Glass Auction

Dear Friends of Niijima,

The Niijima Scholarship offers talented students the opportunity to train in glass art in the United States. To date, we have awarded scholarships to 83 individuals. The scholarship fund relies on proceeds from the festival's "glass auction" to continue supporting these efforts.

The works submitted to the auction have been generously donated by past resident artists, scholarship recipients, and staff members. We also receive contributions from individuals who have visited the Niijima Glass Art Center or those connected to us through acquaintances and friendships.

All proceeds from the auction go directly towards maintaining and expanding the scholarship program. With the rising costs of studying abroad due to changes in the global economic landscape, it has become increasingly important to secure funds for the continued growth of the program. Therefore, we kindly ask for your generous donation of artwork for this year's auction.

This year's glass auction is scheduled for October 24th–26th, with the final day on October 27th. If you wish to donate, please fill out the attached entry form with the artist's name, title of the work, and minimum bid price. Kindly send your donated works by cash-on-delivery to the address below no later than Wednesday, October 9th with the entry form.

We greatly appreciate your support and contribution to the Niijima Glass Scholarship and its mission.

Sincerely,

Yumiko NODA

Niijima International Glass Art Festival
